### **Haftungsausschluss**

Der Hersteller übernimmt keine Haftung für Schäden, die durch die Benutzung der Software entstehen. Insbesondere nicht für Personen-, Sach- oder Vermögensschäden, die als Folgeschäden unmittelbar im Zusammenhang mit der Nutzung der Software in Verbindung stehen.

### **Esclusione della responsabilità**

Il costruttore non si assume alcuna responsabilità per i danni causati dall'uso del software. In particolare questo principio si applica a danni alle persone, cose o alla proprietà in collegamento con danni successivi causati direttamente dall'uso del software.

### **Disclaimer**

The producers shall not accept any liability for damages resulting from using this Software. In particular, personal injuries, material damages or financial loss in the form of consequential damages arising directly from using this Software are excluded.

### **Исключение ответственности**

Производитель не несет ответственности за ущерб, возникший в результате использования программного обеспечения. В частности за телесные повреждения, материальный или имущественный ущерб, который как косвенный ущерб непосредственно связан с использованием программного обеспечения.

### **Clause d'exclusion de responsabilité**

Le fabricant décline toute responsabilité pour des dommages résultant de l'utilisation du logiciel. Cela inclut notamment toute responsabilité pour les dommages corporels, matériels ou pécuniaires qui sont, en tant que dommages consécutifs, en rapport direct avec l'utilisation du logiciel.

### **Exclusión de responsabilidad**

El fabricante no se responsabiliza de daños originados por el uso del software, especialmente de daños a personas, materiales o al patrimonio directamente derivados del uso del software o producidos en el contexto de dicho uso.

### **Uitsluiting aansprakelijkheid**

De fabrikant aanvaardt geen aansprakelijkheid voor schade die door het gebruik van de software ontstaat. Met name niet voor persoonlijke, materiële of vermogensschade die als gevolgschade direct verband houdt met het gebruik van de software.
